How to use this diamond painting pattern?

You will need a blank canvas for diamond painting and diamond drills (beads). Make sure the dimensions of the canvas you are buying are the right size for the requested pattern. The size of the canvas is usually 5 cm (2 in) higher and wider than the size of the grid (if the grid size is 15x20 cm, you need to buy 20x25 cm canvas).

Once you have your blank canvas, pattern and the required diamonds, you can print the pattern or open it on an electronic device.

Use the pattern as reference for where the appropriate diamonds will need to be placed, and place them in the corresponding areas of the blank canvas.

Please note that color variations may occur due to printer and monitor differences.
